Topic: Growing and Developing in Christ

Text :1 Peter 2:2

Once a child is born, it is expected that he or she will start growing. Refusal to grow becomes a major problem for a parent once the Child is not growing. When we become born again, we are expected to start growing spiritually and the word of God remains a major channel for the growth and development of a believer .The word of God is the milk needed by every believer to grow daily-Col 3:16.Once the word is absent, a child of God is malnourished .That is why you must feed your spirit daily with many Chapters of the bible.
